Enrolled pharmaceutical technologist: Means a person whose name appears on the role of pharmaceutical technologists in accordance with section 6(2), Cap 244

Investigational Medicinal Substance: Means a pharmaceutical form of an active substance or placebo being tested or used as a reference in a clinical trial, including products already with a marketing authorization but used or assembled (formulated or packaged) in a way different from the authorized form, or when used for an unauthorized indication, or when used to gain further information about the authorized form;

Manufacture: Means any process carried out in the course of making a product or medicinal substance and includes, packaging, blending, mixing, assembling, distillation, processing, changing of form or application of any chemical or physical process in the preparation of a medicinal substance or product; but does not include dissolving or dispensing the product by diluting or mixing it with some other substances used as vehicle for administration;

Medicinal substance: Means any medicine, product, article, or substance which is claimed to be useful for any of the following purposes; treating, preventing or alleviating disease or symptoms of disease; diagnosing disease or ascertaining the existence, degree or extent of a physiological condition; or preventing and interfering with the normal operation of a physiological function whether permanently or temporarily and whether by way of terminating, reducing, postponing or increasing or accelerating the operation of the function in human beings or animals;

Medicine: Means any medicament or curative or preventive substance, whether proprietary or in the form of preparation;

Poison: Means a substance included in the Part I and II Poisons List referred to in section 25, Cap 244;

Registered pharmacist: Means a person whose name is entered in the register of Pharmacists in accordance with section 6(1), Cap 244;

Registrar: Means the person appointed under the provisions of section 5(1), Cap 244.

Foreword:

The Pharmacy and Poisons Board (hereinafter referred to as “The Board”) has developed this Customer Service Charter pursuant to the provisions of Article 43 (1) (a) of the Constitution and the government commitment to its citizens on provision of the highest attainable standard of healthcare.

The mandate of the Board is to protect and promote the health of the public by regulating the profession of pharmacy and ensuring access to quality, safe and efficacious Health products and technologies.

The Board acknowledges that customer service charter is a key element towards timely and consistent service provision and an important strategy for the achievement of its mission and supporting objectives. Further, this customer service charter is a holistic management process that is to be applied at all levels of activity across the institution.

All stakeholders and interested parties are recognized in the course of service delivery to ensure equal treatment with respect and courtesy. The Management will, on a continuous basis, identify customer requirements, evaluate and review the service charter to ensure satisfactory service delivery.

The Board assures the customers and stakeholders of its commitment to meet and exceed their expectations. The implementation of this Customer Service Charter will therefore enhance service delivery, accountability while ensuring its contribution in protecting and promoting public health.

Dr. Ahmed I. Mohamed.

CHIEF EXECUTIVE OFFICE

1.0 INTRODUCTION:

1.1 Background

The Pharmacy and Poisons Board is the National Medicines' Regulatory Authority established under the Pharmacy and Poisons Act, Chapter 244 of the Laws of Kenya. The Board is mandated to regulate the profession of Pharmacy, the manufacture and trade in Health products and technologies. The functions of the Board are envisaged under section 3B of the Pharmacy and Poisons Act, Cap 244.

The review of the service charter is informed by the enactment of the Pharmacy and Poisons Rules, 2022, compliance with the requirements of the World Health Organization Global Benchmarking Tool (WHO-GBT), Good Regulatory Practices, quality management systems and current Strategic Plan (2025/2026–2027/2028). The charter aligns with our goals of achieving Universal Health Coverage (UHC) and advancing the Government's Bottom-up Economic Transformation Agenda (BETA).

The Board acknowledges that customer service charter is a key element towards timely and consistent service provision and an important strategy for the achievement of its mission and supporting objectives. Further, this customer service charter is a holistic management process that is to be applied at all levels across the organization.

The Board assures the customers and stakeholders of its commitment to meet and exceed their expectations. The implementation of this Customer Service Charter will therefore enhance service delivery, accountability while ensuring its contribution in protecting and promoting public health.

1.2 Vision

To be a global centre of excellence in the regulation of health products, technologies, and pharmacy practice.

1.3 Mission

To protect and promote the health of the public by regulating the profession of pharmacy and ensuring access to safe, quality and efficacious health products and technologies.

1.4 Corporate Values and Principles

The Board seeks to cultivate a conducive and responsive organizational culture for both internal and external stakeholders and enhance service delivery by embracing the following core values;

- a) Public Health Stewardship
- b) Professional excellence
- c) Accountability and Transparency
- d) Integrity and Respect
- e) Diversity and Inclusion
- f) Continuous improvement and Innovation

1.5 Legal Framework

The Constitution of Kenya, 2010 Article 43 (1) (a) guarantees its citizens the right to the highest attainable standard of health care. In this regard, the Pharmacy and Poisons Board aspires to promote a pharmacy practice that provides the highest attainable standards of healthcare. Further, the Constitution under Article 10 and Article 232 provides for the values and principles of public service, including the principles of transparency, accountability, and public participation. A customer service charter aligns with these principles by ensuring transparency, responsive and prompt provision of services provided by the Pharmacy and Poisons Board (“the Board”).

These principles are further expounded under Section 7 of the Public Service (Values and Principles) Act, 2015, which makes it a requirement for public service to ensure that public services are provided promptly, effectively, impartially and equitably, without unreasonable delay. It emphasizes the importance of providing responsive customer service in public institutions in

compliance with the period provided for in the service charter of the institution.

The Access to Information Act, 2016 mandates transparency and access to information held by public bodies. The customer service charter serves as a tool for disseminating information about the services offered by the Board, to make it easier for the public to access relevant information, enhancing public trust.

The Pharmacy and Poisons Act (Cap 244) provides the legal framework for the regulation of health products and technologies in Kenya. It stipulates the functions of the Board in regulating the profession of Pharmacy and ensuring the safety, quality and efficacy of HPTs in Kenya. The Customer Service Charter outlines the Board's commitment to fulfilling its responsibilities within prescribed timelines.

1.6 Core Functions

1. Ensure the quality, safety and efficacy of Health products and technologies;
2. Regulation of training and practice of pharmacy; and
3. Advising the government on any matter relating to the regulation of medical products, health technologies and pharmaceutical services

2.0 PRODUCTS AND SERVICES

We offer the following products and services to our clients:

2.1 Health Products and Health Technologies

1. Registration and marketing authorization of Health products and technologies
2. Control of import and export for Health products and technologies
3. Licensing of manufacturers and distributors of Health products and technologies
4. Licit control of narcotics and psychotropic substances in line with the International Conventions
5. Conduct regulatory inspections of manufacturers, storage facilities and distributors of Health products and technologies
6. Conduct laboratory testing of samples collected during post-market surveillance and investigations.
7. Approve and regulate clinical trials on Health products and technologies
8. Regulate the promotion, advertising and marketing of medicinal substances in accordance with approved product information
9. Conduct post-marketing surveillance of safety and quality of Health products and technologies
10. Promotion of rational use of Health products and technologies
11. Control and supervision of disposal of pharmaceutical waste.
12. Conduct Pharmacovigilance of Health products and technologies
13. Regulate contractors for medical devices and physical security for products, including radioactive materials and biological products
14. Provide technical support for local manufacturing of Health products and technologies

2.2 Profession of Pharmacy

1. Prescribe the minimum requirements and approve qualifications of persons wishing to be registered or enrolled as pharmacists or pharmaceutical technologists respectively
2. Maintain a register of all persons registered or enrolled under the

Act

3. Prescribe and conduct examinations for purposes of recognition, registration or enrollment
4. Establish/prescribe different categories of pharmacy businesses and the scope of practice of persons registered or enrolled as per the CAP 244
5. Approve institutions to be established or accredited for training of pharmacists and pharmaceutical technologists
6. Regulate, monitor and inspect personnel and premises that are involved in training, Continuous Professional Development and pharmacy practice;
7. Licensing of pharmacists and pharmaceutical technologists and medical representatives
8. Approve and license the premises for the practice of pharmacists and pharmaceutical technologists
9. Establish, approve and accredit continuing professional educational programs for pharmacists and pharmaceutical technologists
10. Establish and maintain a professional code of conduct for pharmacists and pharmaceutical technologists

2.3 General functions

1. Advise the Cabinet Secretary of Health on all matters relating to administration and implementation of the Act;
2. Levy, collect and utilize fees for services rendered
3. Collaborate with other national, regional and international institutions on regulation of medical products, health technologies and the profession of pharmacy
4. Leverage on research, innovation and technologies in the delivery of products and services
5. Participate in policy formulation regarding the profession of pharmacy and regulation of Health products and technologies.

3.0 CLIENTS AND STAKEHOLDERS

	Evaluation of additional data	Response to queries	Free	30 days
	Final Decision and issuance of listing certificate	N/A	Free	14 days
16.	Registration of Medical Device including In-Vitro Diagnostics			
	Screening of application	Payment Complete application	Class A: 100, Class B: 200, Class C: 1000, Class D: 1000	60 days
	Evaluation after issuance of product ID number	N/A	Free	18 Months

	Evaluation of additional data	Response to queries	Free	30 days
	Final Decision and issuance of registration certificate	N/A	Free	24 days after evaluation of additional data
	Publish list of registered medical device	N/A	Free	At least once in every 3 months
17.	Routine Market Authorization for Whole Blood, Blood components and Plasma derived Blood Products (PDMPs)			
	Screening of application and allocation of TMF number	Payment of application fees, Complete Dossier	500 whole blood components each(local) 500 Blood components each (foreign) 500 PDMP local 1000 PDMP foreign	Within 30 days from the time of payment
	Evaluation of screening questions	Response to screening questions	Free	Within 14 Days after screening.
	Issuance of TMF number	Sample where applicable	Free	Within 24 hours upon receipt of the sample
	Evaluation after issuance of TMF number	N/A	Free	Within 24 months
	Evaluation of additional data	Response to queries	Free	Within days 30
	Final Decision and issuance of registration certificate	N/A	Free	Within 30 days after evaluation of additional data

4.3.2 Product Safety Department

The department is responsible for ensuring safety, quality effectiveness and fit for purpose of HPTs during product development and after-market authorization. For effective service delivery, it is organized into three (3) technical Divisions namely:

1. Pharmacovigilance and Post Market Surveillance
2. Medicine Information and Resource Centre
3. Clinical Trials Authorization and GCP Inspection

Medicines Information and Resource Center				
No.	Service/Activity	Requirements to obtain service	Charges	Timeline
1.	Evaluation of advertisements for Health Products and Technologies	1. Duly filled application 2. Samples/artwork 3. Payment of application fee	Ksh. 5000 Per product per medium	30 Days
Pharmacovigilance				
1.	Acknowledgement of receipt of ICSR.	Valid reports from individual, healthcare workers, or MAH	Free	7 days
	Provide feedback after processing of ICSR	N/A	Free	7 days after processing
2	Acknowledgement of: 1. PSUR/PBRER 2. RMP	1. Aggregated product safety reports by MAH 2. RMP by MAH	Free	14 days
	Evaluation of PSUR/PBRER/RMP	N/A	Free	90 days
	Evaluation of additional data on PSUR/PBRER/RMP	Response to queries	Free	30 days
	Final Decision on Evaluation of PSUR/PBRER/RMP	N/A	Free	30 days after evaluation
3	Acknowledgement of field safety corrective actions of Medical Devices and IVDs	1. Field safety corrective action reports by MAH	Free	14 days
	Evaluation of field safety corrective actions of Medical Devices and IVDs	N/A	Free	60 days
	Evaluation of additional data on field safety corrective	Response to queries	Free	30 days

	actions of Medical Devices and IVDs			
	Final Decision on Evaluation of field safety corrective actions of Medical Devices and IVDs	N/A	Free	30 days after evaluation
4	Publication of safety data	N/A	Free	Quarterly
Post Market Surveillance				
1	Acknowledgement of HPT quality complaints	Valid complaint report	Free	24 hours
2	Investigation of HPT quality complaints	Samples where applicable	Free	120 days
3	Feedback to the reporter	N/A	Free	5 days
4	Publication of PMS reports	N/A	Free	Quarterly
Clinical Trials				
1.	Acknowledgement and screening of clinical trial applications	1. Duly filled online clinical trial application 2. Payment	USD1000 – Application fee	5 days
2. .	Clinical trial protocol evaluation and feedback to the applicant.	1. Duly filled online application form 2. Clinical trial protocol 3. Screening responses (Where applicable)		30 days
3.	Issuance of clinical trial decision	Applicant response		15 days
4.	Review of clinical trial progress and safety reports	Duly filled reports	Free	30 days
5. .	Evaluation of proposed protocol amendments	1. Protocol amendment application 2. Ethics approval of amendment	Free	30 days
6.	Approval of annual renewal of clinical trials	1. Duly filled annual approval checklist 2. Participants flow 3. Ethics approval	Free	30 days
7.	Approval of CT applications through	1. Complete online clinical trial	USD1000	20 days

	reliance mechanism	application 2. Unredacted assessment report 3. Official decision letter		
8.	Approval of Non-routine CT applications	1. Duly filled application form 2. Clinical trial protocol 3. screening responses (Where applicable)	USD1000	21 days
9.	Issuance of inspection report following GCP inspection	N/A	Free	45 days after inspection
10.	Approval of investigational product disposal	1. Disposal request letter 2. Sponsor authorization 3. Product accountability log	Free	Within 30 days

4.3.3 Inspection and Enforcement Department

This is the enforcement arm of Pharmacy and Poisons Board

For effective service delivery, it is organized into four (4) technical Divisions namely:

1. Good Manufacturing Practices
2. Good Distribution Practices
3. Ports of Entry
4. Drug Crime Investigation

Good Manufacturing Practice (GMP)				
No.	Activity/Service	Requirements to obtain service	Charges	Timeline
GMP inspections of manufacturers				
1.	Acknowledge application for GMP inspection	a) Duly filled online application form b) Payment of application fee	4000 USD for Foreign, 1000 USD for Local	14 days from submission of application (payment for service)
	cGMP Onsite inspection of the local manufacturing sites	a) Duly filled online application b) Proof of payment c) Site master file d) Response to		60 days from the date of application

		inspection notification		
	cGMP Onsite inspection of the foreign manufacturing sites	a) Duly filled online application b) Proof of payment c) Site master file a) Response to inspection notification		360 days from the date of application
	Issuance of preliminary report	GMP inspection conducted		30 working days from the last day of the inspection
	CAPA evaluation and feedback	Submission of CAPA plan		15 working days per evaluation cycle
	GMP certification	Compliance status accepted		30 working days from the date of notification
	Issuance of GMP outcome	a) GMP inspection conducted b) Compliance status accepted		90 working days from the last day of the inspection
	Desktop review applications	1. Request for desktop review 2. Site master file 3. WLA GMP certificate, GMP report, evidence of CAPA closure		90 days from the date of application
Good Distribution Practice (GDP)				
1.	Pre-registration Inspection	Notification for pre-registration inspection	Free	Within 14 days of notification
2.	Review of applications, verification & supervision of disposal of pharmaceutical waste and issuance of a Certificate of Disposal	1. Duly filled online application for disposal form 2. List of Pharmaceutical waste 3. Payment 4. Identified NEMA certified site	Ksh. 2500 per application	21 days from the date of receiving application
3.	Variation Inspection	Variation with changes that require inspection	Free	Within 14 days of notification
4.	Inspection of Pharmaceutical transporters	1. Duly filled online application for disposal form 2. Payment	Ksh 20,000 per application	21 days upon approval of online application
	Issuance of Certificate of Good Storage and Distribution Practices	Official Communication addressed to the Chief Executive Officer Pharmacy and Poisons Board	Free	N/A

Ports of Entry (POE)				
1.	Document verification and consignment release	Online document declaration with all attachments (Import/Export permit Entry form Release order Airway bill/Bill of lading/Parcel Number among others)	free	1 day from notification
2.	Physical inspection of HPT and consignments release	a) Notification to inspect consignment and b) Scheduled inspection by customs department	free	2 days upon notification
3.	Sampling, basic screening/testing at site of profiled medical products and release	a) Samples for testing	free	within 8hrs of sampling
Drug Crime Investigation (DCI)				
No.	Activity/Service	Requirement to obtain service	Charges	Timeline
1.	Feedback on customer complaints on pharma related crimes	Make a complaint	Free	7 days after receipt of complaint

4.4 Pharmacy Practice Directorate

4.4.1 Licensing and Good Pharmacy Practice

a) Licensing of pharmacists

In order to practice as a pharmacist in Kenya, one must have a valid Annual Practice License issued by PPB. The process of licensing entails submission of a duly filled application in the prescribed format accompanied by the necessary documents.

b) Licensing of pharmaceutical technologists

In order to practice as a pharmaceutical technologist in Kenya, one must possess a valid Annual Practice License issued by the Board. The process of licensing entails submission of a duly filled application in the prescribed format accompanied by the necessary documents.

c) Pharmaceutical representatives' permits

A representative of a person engaged in the sale and supply of pharmaceuticals containing a poison requires a permit to, in the course of business, give free samples of such products to persons who may lawfully possess Part I poisons. The process involves application and review of the qualifications and final issuance of the permit.

d) Registration and Licensing of Premises/Establishments

All premises where health products and technologies are manufactured, prepared, packaged, stored, supplied, or dispensed are subject to mandatory registration and licensure by law. This also includes professional services rooms where pharmaceutical services and consultancies are offered. The main categories of premises are as follows:

1. Premises for Wholesale (for carrying on the business of a pharmacist)
2. Retail pharmacies
 - a) Premises for a pharmacist (for carrying on the business of a pharmacist) or
 - b) Premises for a pharmaceutical technologist (for carrying on the business of a pharmaceutical technologist)
3. Hospital pharmacies
4. Telehealth, telemedicine, and online/internet pharmacy services
5. Warehouses where medical products are stored
6. Manufacturing premises
7. Establishments for Medical Devices
8. Scientific Offices

The scope of practice or the services or acts which can lawfully be performed in the different types of premises and the conditions under which those services may be provided or the acts may be performed will be as prescribed

by the Board in regulations and guidelines

4.4.2 **Training and Continuing Professional Development**

a) Approval of institutions offering training in Pharmacy

Institutions offering training in pharmacy, either at diploma or degree level, must have valid course approval from the Board.

Following successful application in the prescribed format, expressing intention to offer the training, the Board commits to evaluate, inspect, and approve successful applicants.

b) Registration of pharmacists

A pharmacist must be registered by the PPB before he/she can engage in pharmacy practice in Kenya as spelt out in Cap 244 of the Laws of Kenya.

c) Enrolment of pharmaceutical technologists

A pharmaceutical technologist must be enrolled by the PPB before he/she can engage in practice as a pharmaceutical technologist in Kenya as spelt out in the Pharmacy and Poisons Act, Cap 244 of the Laws of Kenya.

d) Accreditation of Continuing Professional Development (CPD) Providers and approval of CPD Programs

The process for accreditation of CPD providers entails submission of a duly filled application form for accreditation as a CPD provider or re-licensure.

The process for approval of CPD programs and events entails the submission of CPD programs and events, evaluating and making recommendations, or approving applications for accreditation of CPD programs and activities.

No.	Service/ Activity	Requirements to obtain service	Charges	Timeline
1.	Training and Continuing Professional Development			
	Approval of institutions offering training in pharmacy			

	Inspection of training institution	a) Completed application b) Payment as per the guideline	Ksh. 230,000 For Diploma, Ksh 460,000 for Degree	60 days
	Issue an inspection report and approval certificate	N/A	Free	90 days after inspection
2.	Renewal of Course Approval			
	Acknowledgement of application for renewal of Course approval of training institution	a) Letter of request for renewal b) Payment	Ksh.30,000 for Diploma, Ksh 60,000 for Degree courses	5 days
3.	Indexing of Students			
	Issue index numbers to students	a) Completed application b) payment as per the guideline	Application fee Ksh.1000	60 days after receipt of application
4.	Accreditation of continuing professional development providers and approval of programs and Events			
	Evaluate the application and approve/reject programs	a) Completed application b) payment as per the guideline	Application fee Ksh.22,000	30 days after receipt of application
	Issue letter of accreditation to CPD providers	N/A	Free	30 days after evaluation
	Evaluate the application and approve/reject events	Completed application as per the guideline	Free	5 days
	Evaluate the application for self-directed learning and approve/reject it.	Completed application as per the guidelines	Free	60 days after receipt of application
5.	Frequency of administering examination for registration as a pharmacist and enrolment as a pharmaceutical technologist			
	Acknowledgement of application for examination	a) Completed application b) Payment	As per gazetted application fee	1 day
	Evaluate the application and provide feedback to the applicant		Free	Within twenty-one (21) days of receipt
	Conduct pre-	a) National	Free	a) October/November

	Registration and pre-enrolment examinations	ID/Passport b) Examination card		series b) April/May series
	Release the results of the pre-registration and pre-enrollment examination	N/A	Free	Within 60 days after sitting the examination
6.	Registration of pharmacists and enrolment of pharmaceutical technologists			
	Issue certificate of registration as a pharmacist or enrollment as a pharmaceutical technologist	Completed application as per guideline	As per the legal notice	Thirty (30) days after receipt of application
Licensing and Good Pharmacy Practice Department				
1.	Registration of new establishments/premises			
	New Premise Pre-registration screening	a) Completed application	Free	7 days
	New Premise Application acknowledgement	a) Completed application b) Payment	As per the legal notice	1 day
	First Review Approval/rejection			7 days
	Approval/rejection of business unit license(s)/annual practice license	a) Completed application b) Payment c) Approved inspection report	Free	Within 15 days of receiving of inspection report
	Issuance of New License	a) Approved application by first reviewer; b) Approved inspection report	Free	Immediately after second reviewer approval
2.	Renewal of licenses			
	Acknowledgement of Renewal Application	a) Completed application b) Payment	As per the legal notice	Within 1 day of receipt of a complete application
	First Review of the application		Free	Within 15 days of receiving of application
	Second Review/Approval - issuance of		Free	Within 15 days of first review

	business unit license(s)/practice license or decline notification with a reason			
3.	Post-licensure variation of licenses			
	Acknowledgement of Variation Application	a) Completed application b) Payment where applicable	Free or As per the legal notice	Within 1 day of receiving of application
	Variation First Review/Approval - issuance of license(s), or forwarding for a second review, or a decline notification with a reason		Free	Within 15 days of receipt of a complete variation application
	Variation Second Review /Approval - issuance of a certificate of registration of premises or a letter of rejection	a) Completed application b) Payment where applicable c) Approved inspection report	Free	Within 15 days of receipt of the approved inspection report
	Issuance of a new license or Addendum to the License post-variation	a) Recommended application by first reviewer; b) Approved inspection report c) Approval by the Second Reviewer	Free	Immediately upon approval by the Second Reviewer
4.	Pharmaceutical representative permit			
	New pharmaceutical representative screening	Completed application	Free	Within 1 day of receiving the application
	New pharmaceutical representative application acknowledgement	a) Completed application b) Payment	As per the legal notice— Kshs.5,000	Within 1 day of receiving the application
	First Review/Approval – forwarding for a second review or decline with a reason		Free	Within 15 days of receiving application

	Second Review/Approval – pharm rep permit or decline notification with a reason		Free	Within 15 days of receiving of application
5.	Resubmitting edited applications			
	Review of re-submitted application as per category of license	a) Completed application b) Response to previous queries	Free	The process to follow similar timelines as Initial applications

4.5 Laboratory Services Directorate

The directorate consists of one department namely, quality control, and four divisions

No.	Activity/Service	Requirements to obtain service	Charges	Timelines
Sample testing and reporting				
1.	Acknowledge sample receipt upon submission.	a) Samples b) Duly filed Analysis request form	Free	Immediately
	Release of analysis report to the clients	c) Duly filled environmental monitoring charts	Free	42 days
Outsourcing of laboratory testing service				
1.	Submission of samples to external laboratories	a) Samples b) Duly filed Analysis request form	Free	10 days
	Submission of samples to external laboratories (for samples that require urgent regulatory action, with reported ADRs)	none	Free	5 days
	Reporting to clients after receipt of Certificate(s) of Analysis from external laboratories.	none	Free	2 days

5.0 OBLIGATIONS TO CLIENTS

5.1 Service Standards

The Board is committed to ensure provision of quality health products and pharmaceutical services through teamwork and partnership. It endeavors to deliver its services in a timely and efficient manner, in an atmosphere that ensures transparency, integrity, accountability and good governance. The board respects the principles of professionalism, rule of law and conformity to set international standards.

In line with quality policy, the Board will consistently meet and exceed customer expectations. To ensure efficiency, PPB has counter services at the reception desk, which operates from 8.00a.m to 1.00 pm and 2.00 p.m to 5.00p.m. on working days. Further, the board offices have ramps and lifts to enable the physically challenged persons to access services. Washrooms are also available on the ground floor.

Customers can lodge complaints manually or online via the website, using the complaints form. Complaint/compliment boxes are also strategically placed at all PPB offices and are opened at least once a week to retrieve and address the contents. Customers can also send the complaints via complaints@pharmacyboardkenya.org, or via telephone, +2547097700100.

Customers are directed to the relevant service points from the reception. The Board places high value on relationships with its customers and will build strong relationships to better understand their needs and strive for best outcomes in service delivery. To achieve this;

a) The staff will:

1. Be friendly, helpful and treat its clients with respect
2. Behave professionally and politely
3. Dress appropriately and wear an identification tag
4. Be available at all times.
5. Be transparent and ethical

b) The premises of the Board will be:

1. Accessible and welcoming
2. Drug free zone

3. Corruption free zone

5.2 Customer Rights and Responsibilities

a) Customers' rights

Customers have the right to:

1. Privacy and confidentiality;
2. Access services;
3. Access facilities;
4. Lodge complaints through laid down procedures.

b) Customers' responsibilities

Customers are obliged to;

1. be courteous and respectful;
2. adhere to rules and regulations at all times;
3. abide by the legal provisions governing pharmaceutical sector;
4. respond promptly and effectively to clarifications on the issues raised in the process of attending to their request for services;
5. respond to requests for information accurately and thoroughly and in a timely manner;
6. uphold integrity and not to offer inducement by way of gifts and favors in return for services.

c) Shared Responsibilities

1. The board expects mutual respect, attention and patience to be sustained by both parties.
2. Board's staff will always wear staff identification tags conspicuously displayed. Likewise, visitors will be required to wear the visitors' pass provided at the security desk.
3. To attend meetings punctually.

6.0 AMENDMENTS TO THE SERVICE CHARTER

This service charter is subject to review due to the emerging trends. The Board will, in consultation with customers, partners and stakeholders, review and amend as appropriate the service charter to ensure continued improvement of services within five (5) years. Customer satisfaction surveys will be carried out annually.

Feedback on this Service Charter shall be addressed to the CEO in writing, via telephone or face-to-face.

Pharmacy and Poisons Board is a non-discriminatory and corruption free organization. Customers are advised to report any form of corruption or harassment through +2547097700100, info@ppb.go.ke, complaints@ppb.go.ke

7.0 MONITORING OF IMPLEMENTATION OF SERVICE CHARTER

Compliance with the service charter timelines will be monitored on quarterly basis by heads of departments/divisions using the template provided under Annex 2.

The monitoring reports will be sent to quality management system division for review and analysis. The analyzed reports will be submitted to the management to inform decision making and continuous improvement in service delivery.

9.0 REVISION HISTORY

Revision No.	Date	Author	Section(s) Revised	Description of Change
1.	20/08/2017	HQM	Entire Document	Revised the Service Charter to align with the requirements of ISO 9001:2015.
2	23/12/2020	HQM	Entire Document	Reviewed the functions to align with the amended CAP 244 and the approved organogram; reviewed the Mission, Vision and Core Values to align with the current Strategic Plan.
3	08/09/2023	HQM	Sections 1.0, 2.0, 4.0, 5.0, 7.0 and 8.2(b)	Revised the Service Charter to align with applicable regulatory and public service requirements; updated the introduction, stakeholders, service standards, customer complaints, procurement timelines, correspondence timelines and monitoring of implementation of the Customer Service Delivery Charter; incorporated common service standards in line with Public Service Commission directives and updated requirements relating to QMS and WHO-GBT.
4	01/07/2026	HQM	Sections 1.2, 1.3 and 1.4	Updated the Mission, Vision and Corporate Values to align with the PPB Strategic Plan 2025/2026–2027/2028.
			Section 4.3.1 – Product Evaluation and Registration Department	Revised service titles, process stages, processing timelines and applicable fees; streamlined product registration, reliance, variation, renewal, donations, Emergency Use Authorization

				(EUA) and Compassionate Use Authorization (CUA) processes; removed redundant/automated final decision and certificate issuance stages; and introduced additional data review stages.
			Section 4.3.3 – Good Manufacturing Practice (GMP)	Revised GMP service timelines; introduced timelines for acknowledgement of GMP inspection applications, issuance of preliminary inspection reports, submission of CAPA following receipt of preliminary inspection reports, GMP certification following acceptance of CAPA plans, and issuance of GMP inspection outcomes; and revised the timeline for cGMP on-site inspection of local manufacturing sites.
			4.3.3 Good Distribution Practices	Amended to incorporate the issuance of a Certificate of Disposal as an additional service output.
			4.3.2 Product Safety - Clinical Trials	Revised the timeline for review of clinical trial reliance applications and introduced a new service for submission of Good Clinical Practice (GCP) inspection reports, including the applicable service timeline.

10.0ANNEXES

Annex 1: List of Contributors

This Customer Service Charter presents the Pharmacy and Poisons Board's commitment to effectively and timely offer service delivery to its clients. The following members are recognized for their participation in development of the document;

Dr. Ahmed I. Mohamed	Chief Executive Officer
Dr. Anthony Toroitich	Director Corporate Services
Dr. Obadiah Naikuni	Director, Laboratory Services/Corporate Affairs
Dr. Wilfred Ochieng	Director, Pharmacy Practice
Dr. Ali Arale	Chief Principal Regulatory Officer
Dr. Wilberforce Gachoki	Deputy Director, Product Evaluation and Registration
Dr. Dominic Kariuki	Deputy Director, Inspectorate and Enforcement
Dr. Christable Khaemba	Deputy Director, Product Safety
Dr. Lorna Wangari	Deputy Director, Laboratory Control
Dr. James Owour	Head, Good Manufacturing Practice
Dr. Ali Arale	Product Evaluation & Registration
Dr. Sarah Chesaro	Product Evaluation & Registration
Dr. Samuel Kerama	Clinical Trials
Dr. Edward Abwao	Post Marketing Surveillance
Dr. Pamela Nambwa	Pharmacovigilance
Dr. Stella Mokua	Medicines Information
Dr. Lorna Wangari	Deputy Director, Quality Control Laboratory
Dr. Allan Kyalo	Exports and Imports Unit
Dr. Sylvia Ndegwa	CEO's Office
Dr. Bramuel Tongola	CEO's Office
Mr. Peter Kiptoo	Ports of Entry
Mr. George Muthuri	Quality Management System
Mr. Peter Sigei	Finance & Accounts
Ms. Immaculate Naibei	Internal Audit
Mr. Kibet Kisorio	Legal services

Ms. Lenah Bikambo	Human Resource Management & Development
Ms. Ednah Menach	Human Resource Management & Development
Ms. Nelly Sinja	Supply Chain Management
Ms. Gladys Gitahi	Planning
Ms. Odongo Dorine	Administration
Mr. Anthony Kemboi	Quality Management System

Annex 2: Service Charter Implementation Monitoring Matrix

Directorate.....

Department.....

Quarter.....

Date.....

SERVICE	TIMELINE	SERVICES OFFERED	ADHERENCE TO SERVICE CHARTER	REASON FOR VARIANCE
Acknowledgement of receipt of application in the 30 minutes	Within 30 minutes	X applications received and acknowledged	Compliant	No variance
Issuance of certificates of compliance and reports to successful applicants and a letter of rejection to unsuccessful applicants within 30 days after inspections	Within 30 days	X inspections done and certificate of compliance issued	Compliant (indicate level of achievement eg 4 out of 10 certificates issued within timelines	No variance
			Non-Compliant 6 out of 10 certificates issued beyond the timelines	This is caused by the inspectors being engaged with other duties hence they do not finish the reports in the stipulated time.
